**NAME OF PROJECT**

*Mingle*/ expressive word series for Music is Art

**DETAILS**

In collaboration with Carol Fillip for Music is Art, a Buffalo, New York non-profit organization founded by the Goo Goo Dolls to provide music and art education in Buffalo area public schools.

I designed a lettering style that I named *Mingle*, which is a blend of Italic and Blackletter, to embrace and celebrate the diversity of music and arts represented by Music is Art for its 10th Anniversary.

This campaign used expressive words such as aspire, believe, create, dream, express and ignite for use on promotional materials.
